

ECONOMICS BACHELOR OF ARTS

Program Overview

The economics program offers the opportunity to study prices, markets, and incentives (microeconomics) and economic growth and business cycles (macroeconomics).

The economics major provides preparation both for students planning to enter the world of work directly after Drake and for students planning to attend professional or graduate school. The B.S.B.A program prepares students well for the job market. Both the B.A. and the B.S.B.A. programs prepare students well for professional study in law, business, or public administration because economics is an important analytical tool used in these professions. Students interested in graduate study in economics or a closely-related field (finance, public policy, international relations) will need more math and statistics than the regular economics major provides and should consider the quantitative economics major.

Requirements for Economics Major

The economics major requires 30 credits of economics, 3 credits of mathematics, and 6 credits of statistics.

Code	Title	Hours
ECON 002	PRINCIPLES OF MICROECONOMICS	3
ECON 010	PRINCIPLES OF MACROECONOMICS	3
ECON 170	INTRODUCTION TO ECONOMETRICS	3
ECON 173	INTERMEDIATE MICROECONOMICS ANALYSIS	3
