

ECONOMICS BACHELOR OF SCIENCE IN BUSINESS ADMINISTRATION

Program Overview

The economics program offers the opportunity to study prices, markets, and incentives (microeconomics) and economic growth and business cycles (macroeconomics).

The economics major provides preparation both for students planning to begin their careers directly after Drake and for students planning to attend professional or graduate school. The B.S.B.A program prepares students well for the job market. Both the B.A. and the B.S.B.A. programs prepare students well for professional study in law, business, or public administration because economics is an important analytical tool used in these professions. Students interested in graduate study in economics, or a closely related field (finance, public policy, international relations) will need more math and statistics than the regular economics major provides and should consider the quantitative economics major. Note that economics courses numbered above 150 are recommended for juniors and seniors.

The B.S.B.A. in Economics is offered by the Zimpleman College of Business and additionally requires that students complete the Business Core courses (note that there is some overlap with the major).

Code	Title	Hours
Business Core Courses		
ACCT 041	INTRODUCTION TO FINANCIAL ACCOUNTING	3
ACCT 042	INTRODUCTION TO MANAGERIAL ACCOUNTING	3
BLAW 060	BUSINESS LAW I	3
BUS 001	WELCOME TO BUSINESS	1
