

MUSIC EDUCATION BACHELOR OF MUSIC EDUCATION

Program Overview

The Music Education curriculum is designed specifically for musicians who wish to be certified to teach music in the public schools.

The student qualifies for ensemble/general classroom music teaching in the public schools upon completion of the degree requirements. The student at the same time achieves specialization in one of two areas: choral/general music, or instrument/general music.

B.M.E. Degree Requirements

Degree program requirements vary depending upon the area of specialization. Completion of the program leading to the Bachelor of Music Education degree qualifies the candidate for a State of Iowa Teaching Certificate. Applicants who qualify for certificates in other states are recommended for those certificates by the School of Education (<https://www.drake.edu/soe/programs/>).

Candidates for this degree must complete a total of 124-130 credits: 18 credits in applied music, 19 credits in music theory, 12 credits in music history-literature, 13-15 credits of music education and methods courses, 28 credits of professional education and 7 credits of ensemble, plus the Drake Curriculum. Prior to student teaching, all candidates will have completed one semester of a small ensemble experience during their years at Drake.

By the end of the sophomore year, music education students must have completed EDUC 103 FOUNDATIONS IN EDUCATION, EDUC 108 STUDENT DEVELOPMENT AND LEARNING THEORY, and SPED 120 INTRODUCTION TO SPECIAL EDUCATION. Prospective teachers must pass the Praxis I exam, known as the Pre-Professional Skills Test (PPST) in order to apply for entrance into the Teacher Education Program. Scores should be sent electronically to the School of Education. In addition, the candidate's G.P.A. must be 2.5 or higher to be admitted into the Teacher Education Program. A Sophomore Checkpoint will be completed with Professor of Music Education. A piano proficiency exam is administered at the end of this semester. Four semesters of some piano experience is required of all BME majors.

Instrumental Methods Courses: These are methods and materials courses for instrumental/general music education majors. The goal of these courses is to introduce instrumental music education majors to the instruments and the appropriate pedagogy necessary for successful teaching.
