

PHILOSOPHY MINOR

Program Overview

The study of philosophy attempts to develop a student's understanding of the presuppositions underlying the main areas of human inquiry, an awareness of the range of reasonable answers to the ultimate questions individuals ask themselves, and a habit of critical reflection concerning the student's own convictions about belief and conduct. In addition to the possibilities that the study of philosophy itself provides, we have much to offer as a department. Our size affords us the luxury of really getting to know our students. We take seriously Drake's commitments to collaborative learning and undergraduate research. We make concerted efforts to involve students in our research projects and programs. And we value the time we spend with students beyond the classroom, engaging in conversation, mentoring students, and building community.
