

INTERNATIONAL BUSINESS BACHELOR OF SCIENCE IN BUSINESS ADMINISTRATION

Program Overview

The international business major prepares students for work in organizations whose owners, employees, customers and/or suppliers are not confined to the borders of one nation. Those who choose this major will learn about marketing goods and services around the world, global distribution networks, exchange rates and the different forms of ownership and financing that exist in non-U.S. countries. They will consider the dramatic impact of culture on the behavior of individuals in organizations and on the contracting and negotiating process of international trade. They will compare the business climate of developed and underdeveloped nations and learn how companies compete in a global business economy. International business students are exposed to ethical issues and the impact of business decisions on global ecology. The curriculum requires a strong foundation of language and culture, history, geography and political science along with the business core classes. International business students are required to include an international experience in their program.

The international business major is designed for students seeking specialized education to work in multinational corporations, global banks, international organizations, and government agencies. Such organizations include all forms of business; the departments of Commerce, State, and Treasury; international institutions such as the Export-Import Bank, World Bank and Overseas Investment Corporation; and several state and local agencies.

¹ Students must demonstrate proficiency in a language other than their native tongue. Proficiency can be demonstrated by college credit or equivalent, including certification exam credit, for a language through the intermediate level (second year, college level). Non-English native speakers demonstrate foreign language proficiency implicitly by taking their classes in English while at Drake.

² Each student in the International Business major is required to earn six credits of international experience through participation in J-term, summer term, semester abroad, or approved internship experience. Credits earned in the international experience may be counted to fulfill other requirements. The internship options may be for credit or not for credit. International students satisfy this requirement by earning their degree at Drake.

In addition to programmatic requirements, students are responsible for satisfying all requirements of the Drake Curriculum (<https://catalog.drake.edu/undergraduate/academic-information/drake-curriculum/>), including Areas of Inquiry (AOI)

Student must also satisfy university graduation requirements (<https://catalog.drake.edu/undergraduate/academic-information/graduation-requirements/>) for all undergraduate students..
